

2025 Corporate Sales
Outdoor Groups

Designed, tested and proven in the ultimate outdoor test lab — New Zealand, Macpac gear is engineered to take on the elements.

If your job requires you, your team or students to spend time outdoors, Macpac will help you **weather anything**. Macpac's Corporate Team has more than 40 years experience in the outdoors, working with businesses and education providers across New Zealand and Australia. We can recommend Macpac products suited to your requirements or customised product to suit, and also provide advice on embroidery and repairs.

We offer special pricing to commercial and education customers, including bulk purchase discounts – only available through the Macpac Corporate Team.

Please contact the Macpac Corporate Team for a quote or to discuss your outdoor equipment and apparel/uniform requirements.

About Corporate Sales

Prophet Lightweight Rain Jacket

Men's	119190	Black, Tangerine Tango	S - 3XL
Women's	119191	Black, Toreador	8 - 16

The Lightweight Prophet is an alpine staple. Mountaineers rely on its ability to perform in extreme conditions, but it's also ideal across other alpine pursuits. It's seam sealed and waterproof thanks to a 3-layer Pertex® Shield Pro fabric that provides plenty of protection, and this durable fabric is used in two weights to provide additional strength in areas prone to wear. It also has a breathable membrane that minimises sweat build-up by moving moisture to the outside of the jacket, and extra underarm pit zips let you increase airflow when you need it.

Nazomi Rain Pants

Men's	119076	Black	S - 2XL
Women's	119130	Black	8 - 16

Pertex® Shield Pro rain pants for fast alpine ascents and plenty of protection on-trail. Lightweight, waterproof, and breathable.

Copland Raincoat

Men's	122571	Urban Chic	XS - 4XL
Women's	122572	Winetasting	8 - 24

The Copland is designed for hikes in bad weather. It's designed with a longer body length for extra coverage so it's your best friend in unpredictable weather.

It's made from a durable 3-layer Reflex™ recycled nylon fabric to provide waterproof, windproof and breathable protection. It's also finished in our longest cut for extra coverage, with a water repellent finish that helps water bead and roll off the fabric's surface.

Pisa Jacket

Men's	115339	Black, Red Orange	S - 2XL
Women's	115343	Black, Tapestry	8 - 16

The Alpine Series Pisa is packable, breathable, and warm for its weight. Polartec® Alpha® Direct fleece is moisture-wicking when you're moving and warm when you're not. It's quick-drying, breathable, and packable. A ripstop nylon outer increases wind resistance, and its water repellent finish improves moisture repellency.

Pulsar Hooded Jacket

Men's	121581	Black, Deep Depths	S - 2XL
Women's	121582	Blue Wing Teal	6 - 24

The Pulsar synthetic climbing jacket is engineered for warmth in cold, damp conditions. Finished in a clean aesthetic, it's made with PrimaLoft® Gold P.U.R.E.™ insulation with a Pertex® Quantum NetPlus® ripstop nylon outer shell. NetPlus® material is made from 100% post-consumer recycled nylon from discarded fishing nets.

Sabre Jacket

Men's	113990	Black Iris (Navy), Fiery Red	XS - 4XL
Women's	115225	Black Iris (Navy), Fiery Red	6 - 20

Sabre jackets are for water resistant, everyday protection. They're made with a breathable and abrasion resistant softshell fabric, ideal in changing conditions, and are laminated for protection under light showers. A water repellent finish helps to repel moisture and a soft fleece lining increases warmth and comfort. Looks great with embroidery on Right chest!

Also available in Mens and Womens hooded jacket and vest options.

- Mens Hooded
- Womens Hooded
- Mens Vest
- Womens Vest

Torlesse 65

115001 Urban Chic, High Tide, Carbon S2, S3, W2

Torlesse Backpacks are for New Zealand conditions. They're made with a combination of CORDURA® fabric and nylon ripstop fabric as a lighter alternative to canvas.

The adjustable AirFlo™ Flexi-Fit™ harness balances support and breathability. It's designed with lightweight internal stays, anatomic shoulder straps, and generous 3D Air Mesh for ventilation.

These backpack's are designed for overnight hikers and multi-day trampers.

Torlesse 50

115002 Urban Chic, High Tide, Carbon S2, S3

Torlesse Backpacks are for New Zealand conditions. They're made with a combination of CORDURA® fabric and nylon ripstop fabric as a lighter alternative to canvas.

The adjustable AirFlo™ Flexi-Fit™ harness balances support and breathability. It's designed with lightweight internal stays, anatomic shoulder straps, and generous 3D Air Mesh for ventilation.

These backpack's are designed for overnight hikers and multi-day trampers.

Ravine Aztec Schools Pack

114859 Cardinal S1, S2, S3

A single-compartment backpack without any fuss. Made from our original AzTec® 12 oz canvas for superb durability and weather resistance. The fixed harness comes in multiple lengths to fit different back sizes, but the best thing about the Ravine is its utility.

No bells, no whistles — just a plain old workhorse that can carry everything you need, day after day.

Available only by commercial order.

Pursuit 40L

115151 Black/Red Orange S2,S3

A technical alpine climbing backpack made with our AzTec® 8 oz. canvas.

Engineered for performance in challenging mountainous terrain, it's designed with our frameless ActiveX™ harness to balance lightweight flexibility and support.

It's fully-featured to take on alpine climbs with dual ice axe attachments, daisy chains and 'V' webbing loops to keep tools secure on the move.

Cascade 65L

114880 Navy Iris, Rosin S1, S2, S3

A classic single-compartment backpack built for multi-day hikes. It's designed with a large main compartment with internal base divider, a zipped pocket under the lid, and dual ice axe (or walking pole) attachments.

Our Liberator™ harness uses lightweight internal stays, a top perimeter frame, and a combination of compression-resistant and soft padded foams, for comfort and stability.

Perfect for Great Walks and backcountry adventures over challenging terrain.

Cascade 75L

114879 Navy Iris, Rosin S1, S2, S3

A classic single-compartment backpack built for multi-day hikes. It's designed with a large main compartment with internal base divider, a zipped pocket under the lid, and dual ice axe (or walking pole) attachments.

Our Liberator™ harness uses lightweight internal stays, a top perimeter frame, and a combination of compression-resistant and soft padded foams, for comfort and stability.

Perfect for Great Walks and backcountry adventures over challenging terrain.

Hesper 52L

120027 Phantom S2, S3

A single compartment hiking pack designed to go the distance. It's secured by a roll-top closure and detachable lid, and an additional strap runs from the base to the lid to lift loads and provide greater compression.

Stretchy front and side pockets let you store bottles and snacks outside the pack, and the detachable shoulder strap fits a 500ml soft flask (not included). If you use a hydration bladder, you can keep it inside and thread the hose through a port at the top of the harness. This pack is supported by our HeliumAir™ harness.

Available only by commercial order.

Harper 50L

120029 Phantom W1, W2

A single compartment hiking pack designed with a tapered shape to create a better centre of gravity for narrower frames. It's secured by a roll-top closure and detachable lid, and an additional strap runs from the base to the lid to lift loads and provide greater compression.

Stretchy front and side pockets let you store bottles and snacks outside the pack, and the detachable shoulder strap fits a 500ml soft flask (not included). If you use a hydration bladder, you can keep it inside and thread the hose through a port at the top of the harness. This pack is supported by our HeliumAir™ harness.

Apoello 2 Person Tent

120823 Seaport 2P

A popular staple for schools running a fleet for student use. A freestanding camping tent for three-season conditions. It's easy to pitch, stable in bad weather, roomy for one, or comfortable for two.

Its Swift-Pitch™ design makes for a simple and efficient set up that lets you camp fly-free on warm, dry evenings. In wet weather, the factory seam sealed polyester ripstop fly is waterproof and ready to go out of the bag. It also has colour-coded webbing to make pitching easy. The tough nylon floor is PU-coated to keep water out, and it also has a water repellent finish that encourages water to bead and roll off its surface.

Polaris 3 Person Tent

121089 Seaport 3P

A popular staple for schools running a fleet for student use. A freestanding camping tent for three-season conditions. Easy to pitch, stable in bad weather, roomy for two, or comfortable for three.

Its Swift-Pitch™ design makes for a simple and efficient set up that lets you camp fly-free on warm, dry evenings. In wet weather, the factory seam sealed polyester ripstop fly is waterproof and ready to go out of the bag. It also has colour-coded webbing to make pitching easy. The tough nylon floor is PU-coated to keep water out, and it also has a water repellent finish that encourages water to bead and roll off its surface.

Minaret 2 Person Tent

122303 Exuberance 2P

The three-season Minaret is a tried-and-true hiking tent. Its durable two-pole tunnel shape is engineered for stability in high winds, above and below the snowline.

The Multi-Pitch™ system offers year-round versatility, letting you pitch the fly and inner separately or simultaneously. The waterproof UV30™ SI fly is made from a double ripstop nylon with multiple coats of silicone and the durable Torrentwear™ tub floor provides a waterproof base. DAC Featherlite® NSL™ poles provide lightweight strength and stability.

Olympus 2 Person Tent

122304 Exuberance 2P

The four-season Olympus is a classic two-person alpine tent. Its three-pole tunnel design is engineered for maximum durability and aerodynamic stability in high winds and heavy snow.

The Multi-Pitch™ system offers year-round versatility, letting you pitch the fly and inner separately or simultaneously.

The waterproof UV30™ SI fly is made from a double ripstop nylon with multiple coats of silicone. A durable Torrentwear™ tub floor provides a waterproof base, and DAC Featherlite® NSL™ poles provide lightweight strength and stability.

Duolight 2 Person Tent

121721 Citronelle 2P

The Duolight is designed to offer optimal space with minimal weight and excellent protection for three-season conditions, striking a balance between comfort and practicality.

Our Multi-Pitch™ system offers year-round versatility, letting you pitch the fly and inner separately or simultaneously. You can keep the inner dry in bad weather — or take a lighter setup in warmer conditions.

A central ridge pole and freestanding shape provide plenty of headroom and liveable space. Mesh throughout the inner creates plenty of airflow, and two large vestibules make space for sheltered cooking and gear storage.

Trilight 3+ Person Tent

122412 Citronelle 3P

The Trilight 3+ Person Tent is ideal for camping adventures below the snowline in three-season conditions. This technical tent is packed with practical design features and can comfortably fit three people and their gear.

Our Multi-Pitch™ system offers year-round versatility, allowing you to pitch the fly and inner separately or together. The nylon ripstop fly is factory seam taped, with silicone coatings on the outside to repel moisture and a PE coating on the inside to ensure waterproofing during unexpected downpours.

A lightweight nylon ripstop tub floor provides a waterproof base, and DAC Featherlite® NSL™ poles deliver lightweight strength and stability.

Macpac U Pegs - Five packs

119366 OS

A set of five 'U' pegs for pitching your tent — lightweight and curved at the top to secure your tent's guy cords. Made from strong, lightweight aluminum alloy.

Aspire Sleeping Bag

120080 Mineral Blue, Posiedon Std

A technical synthetic sleeping bag designed for all kinds of camping and the recycled polyester fill insulates well when camping in wet conditions. Also available in kids, Large and women's styles.

Sleeping Mat 3.8cm

115818 Moroccan Blue OS

This self-inflating sleeping mat is versatile choice for camping and hiking. It has a smooth ripstop upper and DiamondCore foam for gentle cushioning. The tough Oxford nylon base has anti-slip dots to help prevent sliding in the night.

A single valve allows for easy self-inflation, and at 3.8cm thick this sleeping mat has an R-value of 3 — ideal for 3-season conditions.

ThermAir Rectangular Sleeping Mat

121833 OS

This sleeping mat is the ideal mat to take on all of your hiking adventures. This mat features PrimaLoft® insulation for a great warmth-to-weight ratio and the included stuff sack doubles as the pump sack for easy inflation.

This sleeping mat has an R-value of 3.6.

Thermfold Sleep Mat

122404 OS

A lightweight folding sleep mat that can be used as a standalone mat or used with your current sleep mat for extra insulation.

Ultra Pack Liner 50/70/90L

111837 S 50L
111838 M 70L
111839 L 90L

This ultralight pack liner is ideal for keeping gear dry inside your hiking pack. It's seam sealed and made from CORDURA® fabric with a silicone coating. It's secured by a compressible roll-top closure with a D-ring attachment.

Lightweight Dry Bags 5/10/15L

115768 OS

Compact and lightweight, this set of dry bags is perfect for keeping gear dry and organised while hiking, camping or travelling.

They're made from a tough waterproof polyester and seam sealed for additional water resistance. A roll top closure ensures moisture stays out, and D-rings makes attaching them to packs or gear easy. When you're done exploring, they're soft and flexible for easy storage.

Lightweight Dry Bags 15/20/25L

121104 OS

Compact and lightweight, this set of dry bags is perfect for keeping gear dry and organised while hiking, camping or travelling.

They're made from a tough waterproof polyester and seam sealed for additional water resistance. A roll top closure ensures moisture stays out, and D-rings makes attaching them to packs or gear easy. When you're done exploring, they're soft and flexible for easy storage.

A3 Trekking Poles

113343 OS

Aluminium poles for hiking, walking, and traveling. Made in an extendable 3-piece design with EVA grips for comfort.

Macpac Mini Lantern

114433

This Mini Lantern relies on a high-power LED as its light source and features three brightness settings that can be adjusted to suit the conditions. It's easy to charge, with a micro USB 5V charging port and micro USB charging cable.

Macpac Headlamp

115820

This 90 lumen headlamp is light, compact and easy to operate. It's water resistant and with four lighting modes — white high, white low, red and red flashing. Perfect for camping or wearing on the trail in low light.

Macpac Micro Stove

122957 OS

A lightweight and compact stove with fold-out pot supports and a broad flame for even heating. Compatible with Jetboil and MSR isobutane/propane gas canisters, recommended size 230gm.

Duo Pot Set

112353 OS

Perfect for short trips away. The Macpac Duo Pot Set comfortably serves two. Made from hard-anodized aluminum for scratch resistance, this set includes two pots: a 1.7L and a 1.1L. Each pot features a lid that doubles as a frying pan and all pieces are equipped with coated, foldable handles.

Macpac Insulated Mouth Bottle with Straw lid

121966 OS

A wide mouth insulated 530 ml water bottle with straw lid for easy sipping, designed to keep liquids icy cold for up to 24 hours and toasty hot for up to 8 hours.

Stainless Steel Mug

121105 OS

A 350mL stainless steel double wall mug featuring collapsible handles for easy storage.

Stainless Steel Cutlery

113948 OS

Stainless steel cutlery set that clips together and includes a bottle opener.

Light My Fire Original Spork

118770 OS

The ultimate spoon, fork and knife combo. With a spoon at one end and a fork with a serrated knifeedge at the other, it's a versatile, reusable and compact addition to any pack lunch, picnic basket, or backpack.

The Spork is safe to use with non-stick cookware, BPA-free Biobased Plastic and dishwasher safe.

Emergency Whistle

119662

An emergency whistle for your outdoor first aid kit. This orange plastic whistle is loud and clear with a clip on the back and a loop hole at the bottom for threading cord through — perfect for attaching the whistle to your hiking pack or backpack.

Emergency Blanket

121101 OS

A potential life saver that fits in any bag or backpack.

Silva Field Compass

112237 OS

The Silva Field has base plate map-measuring in mm and scales of 1:50,000 and 1:25,000 compatible with most maps. The compass features DryFlex® rubber bezel for improved comfort and grip, and a detachable safety-release lanyard - a reliable companion in all situations.

ACR ResQlink 400 PLB PGS

119632

Small and mighty, the ResQLink™ Personal Locator Beacon (or PLB) is a full-powered, GPS-enabled rescue beacon designed for anglers, pilots and backcountry adventurers.
